MOOREA TOURS!

4x4 INNER ISLAND SAFARI, TUESDAY

This is another must do. Check out the interior of the island and enjoy great views and exciting off-roading. Here is a great description of what we will see: The first leg of the tour takes you up to an overlook point on the rim of the crater of the ancient volcano which created Moorea. From here you

can see the many colors of the island (one of the best photo opportunities), the heart of the crater, as well as the coral reef surrounding Moorea. The next part of your journey will take you into Moorea's interior where you will visit a pineapple plantation, a vanilla plantation and a large plantation where a variety of tropical flowers and fruits are grown, such as Birds of Paradise, Porcelain flowers, Jojoba, Heliconia, Chinese grapefruit trees and Papaya trees. Further on up the valley, you'll see and learn a bit of the history of the "Marae", ancient Tahitian stone archeological sites. The road ends at the "Belvedere" scenic lookout, which offers fantastic views of both Cook's and Opunohu bays. While in the valley, the tour stops at the Opunohu School of Agriculture for tasting of fresh fruit juices and jams. Toilets are on site. **COST - \$40**

SNORKEL WITH THE WHALES, WEDNESDAY

Here's an experience you will not likely have a chance to do anywhere else in the world. Tahiti is one of the only places in the world where it is legal to snorkel with the whales. We were very lucky on our 2009 trip and the whales were just there as part of our Liki Tiki Snorkel Picnic, but we really can't count on that happening again. So in 2011 we found a company that specializes in finding the whales and getting you in the water with them. We did it and it on that trip and again in 2013 and it was amazing. We will get picked up in powerboats at our dock. Make sure to bring an underwater camera! I'll be video taping too. There is no guarantee we will find the whales especially as this is the very tail end of the whale season. You might want to take something for motion sickness as we will be going outside of the reef. **COST: - \$80**

TIKI VILLAGE SHOW, WEDNESDAY

We have been offered a nice group discount on the Tiki Village Dinner & Show. We'll go in for the dinner and show on Tuesday. It will be a fantastic evening that I'm sure you will all love. Cost is \$90 (reg. \$106) with transportation. The dinner is very nice and the show is awesome with lots of fire dancing. It's tribal and very cool. <http://www.tikivillage.fr/en/accueil.html>
COST - \$90

SCUBA DIVING:

We will be using the dive shop right on our property. We have been offered a group rate of about 10% off as long as you take their 2-tank dive package. It is normally 14,500 xpf (\$137), our price is 12,800 (\$121). A one tank dive is their normal price of 7500 xpf (\$71). You can sign up for several dives to bring the cost down. I would recommend the shark feed dive. You can sign up for this when you get there. <http://www.mooreabluediving.com/> They also offer an Intro Dive Package for those people who would like to try the sport. Normally 8,000 xpf, our rate is 7,000 xpf (\$66). We will schedule a meeting with the dive shop the day that we arrive. It will be in your itinerary. Just express an interest on the form but you can pay when we get there.

LIKI TIKI SNORKEL PICNIC WITH STING RAY & SHARK FEEDING, THURSDAY

This is definitely a "must do" tour and I'm making this our first days tour to start things off with a bang. I hope we get everyone on this because it'll be a wonderful time that you will always remember. Tour on the lagoon with shark and ray feeding. We'll visit a beautiful "motu" (coral islet) that is such a lovely place, you will not want to leave. Enjoy beer, mai-tais, sodas and Tahitian buffet (fish,

chicken, delicious!) in the peace of warm crystal waters and white sands. This is the tour that we swam with the whales in 2007. We may or may not get that lucky again but either way it's a must do tour. - **\$55 (reg \$75).**

DOLPHIN EXPERIENCE, ANY DAY

We have reservations for the Dolphin Experience program for Friday but you can do this any time you'd like. They offer several different programs. I am attaching some information. You can do a short program with 15 minutes in the water with the dolphins or 30 minutes with the dolphins. There are two parts: one educational and one interactive with 30 minutes of education and 30 minutes in the water with the dolphin. For both, trainers will tell you all you've ever wanted to know about Atlantic bottlenose dolphins: anatomy, behaviour, and habits. Their impressive jumps and flips are fascinating to observe. Dolphins are great acrobats and water ballet dancers. These mischievous and teasing mammals like to play tricks on their visitors... but all is soon forgotten... time for a (wet) kiss! This dolphin encounter combines elements of hands-on contact, education, fun, laughter and adventure.

We've been given a 20% discount on their programs. The [Reva](#) is the only program where you can swim with the dolphins in groups of just 4 people. Cost is normally 27,300 XFP (about \$260) so our cost is \$208. Yes, it is very expensive. Their other program, [Moana](#), is 30 minutes with 15 minutes of education and 15 minutes with the dolphins (petting, no swimming) that would be \$150 with our discount.

If you'd like to do either of these tours please use this email to contact Laurence at the Moorea Dolphin Center: reservation@mooreadolphincenter.com Let him know you are with Singles in Paradise, which program you would like to sign up for and he will give you the time. Confirm the 20% discount. They will then send you a link to make payment.

For each program, pictures are taken by a photographer at an extra cost. [Website](#)

Does not include transportation.

SUNSET CRUISE, FRIDAY We did this the last couple of trips and it is one of the highlights. It's so much fun and a great way to end our last night on Moorea. The same guys that run the Motu Snorkel Picnic will be picking us up on our dock for this 2-hour cruise. Cost includes cruising inside the barrier reef, beer, rum punch and some musicians. - **\$30**

OTHER TOURS

There are other tours that you will be able to do but do not need to sign up for in advance. In Bora Bora you can rent a bicycle and enjoy a complete circle island tour. I will likely organize this with whomever wants to join me on one of our free days. There are kayaks that you can use at no charge on both Bora Bora and Moorea. You can also rent a scooter. In the past I have put this together for

the group but we had several people crash who had never ridden before. If you want to rent a scooter, as it's a fun way to see the islands, make sure you know how to stop. The hotel activity desk can arrange for you.

There is also horseback riding, ATV tours, Hiking, Car rental and even golfing on Moorea. Just go to the activities desk to inquire.
