June 21st: Grand Palace and Klong Tour of Canals.

This is a half day tour to include the Grand Palace and a Klong tour of the canals. For a real sense of how people in Bangkok used to live, in stilted shacks, old wooden townhouses and dilapidated lean-tos – and still do – see them at the Bangkok Thonburi Khlongs. Bangkok's charming riverside is brimming with stories to tell. On this tour, a long-tailed speedboat whisks you down the **Chao Phraya River** and canals (khlongs) of Thonburi – the original site where Bangkok was founded. Immerse yourself in the picturesque riverside scenery, as you drift past stilted wooden homes, 'floating kitchens', mobile shops, colonial mansions and all

kinds of colorful culture along the riverfront, before stopping at the enchanting **Temple of Dawn** (Wat Arun).

During our canal tour we will visit Wat Arun, situated on the west bank of the Chao Phraya River. It is believed that after fighting his way out of Ayutthaya, which was besieged by a Burmese army at the time, King Taksin arrived at this temple just as dawn was breaking. He later had the temple renovated and renamed it Wat Chaeng, the Temple of the Dawn. The beauty of the architecture and the fine craftsmanship declare its status as a temple of the first grade and one of the most outstanding temples in Thailand. The spire (prang) of Wat Arun is one of Bangkok's world-famous landmarks. It has an imposing spire over 70 metres high, beautifully decorated with tiny pieces of colored glass and Chinese porcelain placed delicately into intricate patterns.

If there is one must-see sight that no visit to Bangkok would be complete without, it's the dazzling, spectacular Grand Palace, undoubtedly the city's most famous landmark. Built in 1782 - and for 150 years the home of the Thai King, the Royal court and the administrative seat of government - the Grand Palace of Bangkok is a grand old dame indeed, that continues to have visitors in awe with its beautiful architecture and intricate detail, all of which is a proud salute to the creativity and craftsmanship of Thai people. Within its walls were also the Thai war ministry, state departments, and even the mint. Today, the complex remains the spiritual heart of the Thai Kingdom. **Within the palace complex are several impressive buildings including [Wat Phra Kaew \(Temple of the Emerald Buddha\)](#)**, which contains the small, very famous and greatly revered Emerald Buddha that dates back to the 14th century. June 22nd: Ayutthaya

Join us for a great day at this UNESCO [WORLD HERITAGE SITE](#). A prosperous political and trade capital of Siam and Southeast Asia between the 14th and 18th centuries, Ayutthaya harbors a wealth of history through its fascinating temple ruins and palaces – many believed to have been gilded with gold. At the height of prosperity, Ayutthaya maintained warm diplomatic ties with the French court as well as Portuguese, Spanish, Dutch, Persians and East Asian countries; their influences are reflected in the architectural styles at the Bang Pa-In Summer Palace as well as temples located inside the city moat.

Today, despite their ruined state, Ayutthaya temples maintain a revered feel. Strolling the grounds of these ruins is a humbling experience, particularly as you try to imagine what the original sights might have been before the Burmese ransacked and burned the city to the ground. We will depart our hotel at 7:30am and will return about 4 pm. **THIS TOUR IS INCLUDED IN YOUR PACKAGE** [Click for the website on this trip](#)

June 25th: Jungle Tour - Hot Spring, Emerald Pool and Tiger Caves Temple

This is a full day with a lot going on. Learn and discover the amazing natural wonders of the rainforest sanctuary in Krabi. Along the jungle tracks to the hot spring, watch out for the tall swaying bamboo trees that grows among other plants with their built-in defense systems; observe closely their big sharp thorns that protect themselves from danger. Species of insects, spiders, birds, flowers, rattan creepers and hermit mountain crabs can be found here. This place is rich in tropical flora and fauna. Here one can observe the intricacy growth of the climbing rattan or the marching black jungle ants among the

pitcher plants growing under the forest canopy shade.

The famous Krabi rainforest sanctuary features naturally hollowed-out “bathtubs jacuzzi” filled to the brim with running spring water at a pleasant 35-40C for you to relax in the jungle spa. The pool area was shady and a nice place to relieved stress, tension and soothing aching muscles.

A 30 minutes ride away, tug peacefully in the no-man land, lies Crystal Pool or ‘Sa Morakot’ in Thai. This is a greenish crystal reflection-hued natural pool at the centre of the Khao Nor Chuchi lowland forest, where the source of water originated. The pool is large enough to accommodate tourists going in for a dip or swimming. The water are chest deep and the temperature are cooling especially after the hot spring experience. Take extra care as the floor around the area is super slippery because there are these special layer of moss that grows around it’s surrounding. You can trek your way out of the rainforest along wooden walkway designed over flowing rapids, mossy pools with lots of tiger barbs and other fishes swimming around.

From there we will visit the Krabi Tiger Cave, home to the monks who meditate there among the limestone caves. Archeologists have found remnants of ancient habitations such as stone tools, shards of pottery and beads and idols of clay have all been unearthed. All these bear -testimony to the cultural heritage of the area. A circular path in the nearby forest offers a pleasant walk and a 300-meters (1237 steps) high staircase leads to a large Buddha image and Buddha footprint perched atop the cliff enveloping the area with a great sunset view of the province below.

June 27th: River Rafting & ATV Tour with stop at Wat Suwankuha (Monkey Cave Temple).

You've never done river rafting like this! The guide does all the work and we just hang on for one wild ride. Using a dam at top of the mountain, the water is held back and released once a day to create some amazing white water rapids. Krabi is one of the best places for rafting and ATV in Asia. The location in Phang Na is stunningly beautiful, surrounded by mountain scenery it would be fantastic even just as a viewpoint. If the people in your raft are looking for more excitement then talk to your guide about continuing the extra 4K on the river. We took this out from our last trip as some people flipped and got injured.

The ATV machines are all high quality powerful machines and the routes include a variety of terrain. The routes can be adapted to suit beginners or the most experienced ATV riders looking for a

challenge. The route goes through rivers, up mountains and along the way you get to see the most amazing scenery. Riding ATV's is great fun on any day, rain or shine. A little bit of mud can make it even more fun.

Drive time on this tour is 90 minutes each way but it is broken up with a visit to Wat Suwankuha (Monkey Cave Temple). This temple is one of the most remarkable temple around southern area, combined with the large oval cave. You will find the biggest reclining Buddha image in this cave and many other Buddha image. The cave itself is also beautiful. One the most charming is the wide monkey that live in these mountains, they are enough friendly that you can feed and play with them.

June 28th: Ko Hong Island by Speed Boat

This is sure to be an incredible day with this private (if we get enough people) tour.

Once you enter, you are in a large natural lagoon with calm, translucent emerald waters and is relatively shallow. Totally encircled by cliffs, this turquoise pool is only accessible via a small opening in the reef, wide enough to accommodate just one boat at a time. The gorgeous cove is home to an interesting mix of marine species and as the sun descended, the receding tide gradually revealed a long stretch of powdery sand dotted with hordes of starfish, with Mother Nature demonstrating her magnificence, glory and beauty in one stroke in this gem of the Andaman

Archipelago.

Mu Ko Hong is located at the edge of the Than Bok Khorani National Park, and is accessible by a 1-hour boat trip from Ao Nang, lies directly opposite from Tup Kaak, Klong Muang Beach. Many visitors are confused with another Koh Hong in Phang Nga Bay nearer to Phuket.

Hong meaning 'room' in Thai refers to the lagoon in the middle of the island, accessible only at high tide through a narrow chasm. Inside the hong, surrounded on all sides by limestone cliffs, it felt like being let in on a wonderful secret. I'm sure this area was a haven for pirates!

To one side of the same island was an exquisite beach: soft white sand, aqua water ('aqua' in Thai is si far talay, literally 'sea-blue colour'), limestone outcrops and tropical fish to gaze upon – with or without a snorkeling mask.

The attractions on these islands include fine beaches, shallow and deep-water coral reefs and various kinds of fish while popular activities include snorkeling, scuba diving, fishing, sea-canoeing and nature studies on the 400-meter hiking trail around Ko Hong. We will be able to rent kayaks to enter the interior of the island which is one of the highlights of the day. You will pay for this on the spot with 250 baht pp (about \$8).

These tiny islands are simply beautiful, like floating "mushrooms" in the sea with spectacular beaches and hidden lagoons and lots and lots of colorful fish that literally eat out of your hand.

Go into action by sea kayaking, paddle through shallow water and explore around caves accessible only through narrow tunnels. Keeping you company are the sea eagles soaring above and starfish just below the surface.

Tour includes : round trip transfer, mask, snorkel, life jacket, package lunch, drinking water, fresh fruit, national park fee, day tour insurance and English speaking guide.

Tour Duration : 08.30 – 15.30

08.30 Pick up from the hotel lobby and transfer to the pier.

09.45 Arrive Daeng Island, surrounded by colorful fishes and coral reefs good for snorkeling.

10.45 Proceed to Pak Bea Island, a small island with smooth sandy beach.

11.45 Move to "Lading Island" or "paradise island" for relaxing or snorkeling.

12.30 Proceed to Hong Bay for relaxing , swimming and snorkeling.

By then you will have your lunch here.

14.30 Proceed to Hong Lagoon, boats cruise through the narrow waterway to enter a " hidden room " surrounded by these high solitary limestone peaks.

15.30 Back to hotel.

COST: \$45 (reg \$53)
