

## Dolphin Cruise

experience their magic...

A chance to see dolphins in the wild! Join a fun filled tour as we go in search of dolphins aboard our very own Maldivian Dhoni. Experience the magic of these mystical mammals as they swim in the boats bow-wake or watch their acrobatic jumps as they hunt fish out in the open sea.

This hour long trip will be both informal and educational with excitement guaranteed if we are lucky to be graced by the dolphins' presence. Please note that as dolphins' are wild animals we cannot guarantee that they will be seen during the cruise but we will try our best to spot them!

Included on the cruise are refreshments of soft drinks and water and will last approximately 1 hour returning you in time for all the others activities.
