

Local Island Excursion

discover how the locals live

We would like to welcome you on an excursion to our neighbouring locally inhabited fishing island of Guraidhoo.

You will be met by a local guide where he will help you explore the Maldivian's Islamic culture such as the mosque, to learn about local religion. You may visit the local houses or just observe the locals going about their everyday business or see the smiling, happy faces of the local Guraidhoo children as they learn enthusiastically at school.

Don't forget the shopping, where you can purchase some lovely souvenirs to take home! In the shopping area of Guraidhoo, your guide will recommend you to visit "environmentally friendly" souvenir shops. Once you are finished, you will be taken back to the boat and transferred back to Holiday Inn Kandooma with memories that will last a lifetime.
